POS for Physician Service in Outpatient Hospital

Effective with the processing date of January 1, 2016, the following place of service (POS) codes are to be used as indicated for physician and practitioner services performed in an outpatient setting.

- **POS 19: Off campus outpatient hospital**
  A portion of an off campus hospital provider-based department which provides diagnostic, therapeutic (both surgical and nonsurgical) and rehabilitation services to sick or injured persons who do not require hospitalization or institutionalization

- **POS 22: On campus outpatient hospital**
  A portion of a hospital’s main campus which provides diagnostic, therapeutic (both surgical and nonsurgical), and rehabilitation services to sick or injured persons who do not require hospitalization or institutionalization

Physicians and practitioners who perform services in a hospital campus outpatient department will use POS 22 (on campus outpatient hospital). POS 22 will be used unless the physician maintains separate office space in the hospital or on the hospital campus and that physician office space is not considered a provider-based department of the hospital as defined in 42.C.F.R. 413.65.

Physicians and practitioners who perform services in an off campus hospital outpatient department will use POS 19 (off campus outpatient hospital). POS 19 will be used unless the physician maintains separate office space in an off campus hospital and that physician office space is not considered a provider-based department of the hospital as defined in 42.C.F.R. 413.65.

Physicians will use POS 11 (office) when services are performed in a separately maintained physician office space in the hospital or on or off the hospital campus and that physician office space is not considered a provider-based department of the hospital as defined in 42.C.F.R. 413.65.
