Consolidated Publication Process

The Kansas Department of Health and Environment, Division of Health Care Finance (KDHE-DHCF) in conjunction with the fiscal agent and KanCare managed care organizations (MCOs) is publishing one bulletin to providers for information related to all KanCare policies and issues. The fee-for-service (FFS) information will be included along with the appropriate MCO links and information. The bulletin will be identified by displaying the three MCO logos along with the KDHE-DHCF logo (as shown above).

These bulletins will continue to be available on the Bulletins page of the Kansas Medical Assistance Program (KMAP) website. They will also be available on the MCO websites:

- Amerigroup
- Sunflower Health Plan
- UnitedHealthcare
