HCBS Traumatic Brain Injury Waiver Transitions

Effective January 1, 2019, the new requirements went into effect for conducting transitions from the Traumatic Brain Injury (TBI) waiver to the following Home and Community Based Services (HCBS) waivers:

- Frail Elderly (FE)
- Intellectually and Developmentally Disabled (IDD)
- Physical Disability (PD)

The Managed Care Organization (MCO) will be responsible for submitting the request to transition via the HCBS Referral and Notification form.

Prior to transitioning, the MCO is responsible for educating the participant on the following differences between the TBI waiver and the FE, IDD and PD waivers:

- Services
- Reimbursement rates for direct service workers
- Value-added services

The Kansas Department for Aging and Disability Services (KDADS) HCBS Transition Specialist will review and provide final approval for all transitions from the TBI waiver to the FE, IDD or PD waiver.
