KMAP HCBS BULLETIN 20051

UPDATED - Expand Telemedicine to HCBS Services During COVID-19 Emergency

Effective with dates of service on and after March 12, 2020, the following Home and Community Based Services (HCBS) waiver services will be allowed to be provided via Telemedicine which may include the telephone (in mode specifically designated below) by enrolled HCBS providers. Additionally, these services can be provided in place of service “home” (POS code 12). No payment for the Q3014 code will be made for POS 12 without the physical presence of a provider. When providing these services via Telemedicine, the POS should be noted as 02. Telemedicine services (including telephonic contact) can be made when there is verbal consent received from the participant (to be followed up by written approval) in the medical record. Tele-video communication can only be utilized if that contact is Health Insurance Portability and Accountability Act (HIPAA) compliant. The same reimbursement rate will apply.

Exceptions granted with this policy shall be in place until rescinded.

Note: The effective date of the policy is March 12, 2020. The implementation of State policy by the KanCare managed care organizations (MCOs) may vary from the date noted in the Kansas Medical Assistance Program (KMAP) bulletins. The KanCare Open Claims Resolution Log on the KMAP Bulletins page documents the MCO system status for policy implementation and any associated reprocessing completion dates, once the policy is implemented.
