**KMAP GENERAL BULLETIN 20096**

## **Extension of COVID-19 Emergency Policies Through June 30, 2020**

All COVID-19 services set to expire May 1, 2020 related to Executive Order 20-08, will be extended through June 30, 2020. Extension of these services will help maintain public safety while the State relaxes stay at home restrictions and providers are able to ease into a re-establishment of face to face contacts. This will also allow the State agencies to engage stakeholders in determining the merits of extending Telemedicine coverage for some services beyond the COVID-19 Pandemic Emergency to enhance beneficiary engagement and provide improved access to services. It is anticipated that this active engagement will be initiated no later than the end of May.

The services listed in the bulletins below will be extended through June 30, 2020:
