

KMAP Provider Enrollment System Upgrade Complete

The Kansas Medical Assistance Program (KMAP) is pleased to announce that the Kansas Modular Medicaid System (KMMS) Provider Enrollment Wizard is available for use starting **Monday, December 31, 2018**.

Applications can now be submitted using the link below:

[Start a new application](#)

The new features for the Provider Enrollment Wizard include:

KMMS FEATURE	PROVIDER BENEFIT
Common enrollment application	Providers can enroll in any or all the health plans – fee-for-service (FFS) and managed care organizations (MCOs) – through a single application.
All attachments	Providers can upload and submit the attachments required for all the health plans including FFS and all the MCOs.
Common revalidation/recredentialing cycle	Only one revalidation is required for all the plans including FFS and all the MCOs.
FUTURE FEATURE: Demographics via a single source	February 2019: Providers will be able to submit demographic updates to either KMAP or an MCO and these updates will be communicated between all other entities.
